

ENGEN

Address Restaurant & Hospitality Worker Shortages with English Upskilling

Immigrants and refugees already represent one in three workers in the hospitality workforce – and are positioned for even greater impact if the sector invests in English upskilling, a proven catalyst for career mobility.

THE ENGEN SOLUTION

EnGen is a personalized, career-aligned, mobile-first English learning platform that connects immigrants, refugees, and speakers of other languages with English skills and career skills to connect with opportunities in high-demand fields. The platform offers 125 career-aligned courses for learners of all levels.

RESTAURANT & HOSPITALITY PATHWAYS INCLUDE:

English for Food & Beverage Industry • English for Tourism & Hospitality
English for Food Safety

ENGEN IMPACT

EnGen helps learners reach their goals – at work and at home:

- ✓ **95% improved their confidence** in using English.
- 📋 **92% improved** their English proficiency.
- 👛 **87% achieved** a career or social goal.

EnGen is built with technology that has served over 4 million language learners worldwide.

ENGEN PARTNERSHIPS

Restaurants like Taziki's Mediterranean Cafe provide employees access to EnGen – including courses like English for Food Safety and English for Customer Service – to access during work breaks or at home on their phones.

“EnGen has truly changed my life. Now I don't need a translator to communicate with my coworkers or friends. Because of my English training, Taziki's offered me a new position – now I take orders with customers and I chat with them.”

- Dayanna Vazquez, General Manager at Taziki's Mediterranean Café
